

Association of Structural Pest Control Regulatory Officials

Robert “Bob” Wulfhorst was born and raised in Delphos, Ohio. He graduated from Delphos St. Johns High School and Ohio State University where he earned his Bachelors degree in Biological Sciences, majoring in Entomology.

Bob’s career began with the Ohio Department of Agriculture in 1972 and ran through 2003 where he ultimately retired. During those thirty-one years, Bob served the Ohio Department of Agriculture as a Pesticide Regulation Inspector, Pesticide Regulation Inspector Supervisor, and Pesticide Regulation Specialist in Charge.

During his service to Ohio, Bob also served the Association of Structural Pest Control Regulatory Officials (ASPCRO) with great enthusiasm. He served on the ASPCRO Board of Directors, Resolutions Committee and Treasurer. There was never an ASPCRO task that Bob refused. Because of his selfless service, in 1996 Bob was honored by the membership of ASPCRO with the “Outstanding Member of ASPCRO” award. After retirement, Bob became ASPCRO’s first Executive Secretary.

The positive impact Bob has had on the structural pest control industry, the regulatory community, and his contributions to ASPCRO, are greatly appreciated. Robert Wulfhorst is hereby inducted into the ASPCRO Hall of Fame on this 29th day of August, 2006.
