

TLRC 2013 Committee Report

1. At the 2012 annual meeting in Seattle, the TLRC met with 4 separate registrants on various facets of existing or emerging products.
2. Submitted comments related to two Experimental Use Permits for two new termiticide labels.
3. Submitted comments on a new Section 3, termiticide label, that at the time was pending at EPA
4. With a termiticide registrant, developed a study protocol evaluating the distribution of termiticide residues in soil following application.
5. Worked with a termiticide registrant and the USDA Forest Service to develop a protocol to test the efficacy of vertical termiticide barriers.
6. Submitted comments to the Agency on two termiticide bait labels. One was a revision, the other was a product transfer.
7. Met with a registrant in Atlanta to discuss revisions to a Section 3 label and reviewed the supporting data. Comments were submitted to the Agency.

8. Working with Board to fill a vacancy on the committee. Dr. Terry Wagner retired. Dr. Vernard Lewis has been recommended.

Davis H. Daiker
Chair- Termiticide Label Review Committee
