Mike gave an overview of the panel discussion, committee overview.
See report

ASPCRO Sponsored EPA training – Jim Harron (GA)
September 21, 2009, ASPCRO will host 6 EPA members in Gulf Port, Mississippi, to provide a first hand look at how current termiticide research is conducted. Terry Wagner is coordinating the training. The group will also look at the French quarter in Louisiana at Formosan activity.

Bedbug update – Bonnie Rabe (NM) – ASPCRO President
Steve Dwinell (FL) – ASPCRO Past President

An overview of the Bedbug summit was provided and Bonnie Rabe (NM) and Liza Fleeson (VA) attended the meeting. At the annual Board meeting a new Bedbug Committee was formed, Liza Fleeson will be the Committee chair. See report.

Termiticide Scientific Review Panel update – Derrick Lastinger – ASPCRO Vice-President

The 1st meeting of the TSRP committee to discuss current termiticide efficacy testing and development of new protocols was held in Amelia, FL on June 23-24, 2009. During the meeting the group looked at recommendations for reviewing testing protocols. Three models were developed but no final decision on which would be submitted as a suggestion to EPA was made, primarily due to on-going discussions on which test would be best. The development of new testing protocols is on-going at this time.

Green Pest Management update – Steve Dwinell – Green Pest Mgt Committee Chair
